

EV PURCHASE READINESS CHECKLIST

Use this checklist before you book your EV.
Answer these questions. Get clarity. Then decide.

Prepared For: _____
Target EV Model: _____
Date: _____

1 HOME CHARGING READINESS

- ☐ Do I have a dedicated parking spot where the charger can be installed?
- ☐ Do I own the property or have written permission from the owner/landlord?
- ☐ If in an apartment/society, do I have NOC/approval from the association?
- ☐ What is the distance from the main meter to my parking spot (approx. meters)?
- ☐ Is the route for wiring open and feasible (no major civil work)?
- ☐ Can my existing electrical connection support the charger load?
- ☐ Is any load enhancement required from the electricity board?
- ☐ What is my existing sanctioned load (kW)?
- ☐ Is the connection single phase or three phase?
- ☐ Is proper earthing available at the parking location?
- ☐ Will I need a separate meter for the charger?

2 CHARGER & INSTALLATION

- ☐ Is the charger provided free, subsidized or at a cost? What is the total cost?
- ☐ What brand and rating is the charger (kW)?
- ☐ What all is included in the package? (Charger, cable, MCB, RCCB/RCBO, SPD, earthing, etc.)
- ☐ What is NOT included in the package?
- ☐ What will be the extra cost per meter of wiring?
- ☐ Will any civil work (trenching, drilling, conduit) be required? Who bears the cost?
- ☐ Who will do the installation – dealer, OEM partner or third party?
- ☐ How long does the installation take once approved?
- ☐ Is Wi-Fi/Internet needed for smart features?
- ☐ What is the warranty on the charger and installation?

3 PUBLIC CHARGING & INFRASTRUCTURE

- ☐ Are there reliable public chargers near my home (within 5–10 km)?
- ☐ Are there chargers on my regular routes (work, highway, frequent travel routes)?
- ☐ Which charging networks are available in my area?
- ☐ What is the availability and uptime like?
- ☐ What are the charging costs at nearby public chargers?
- ☐ Do I need any specific RFID card/app membership?
- ☐ Is the charging infrastructure sufficient for long trips I plan to take?

4 THE ECONOMICS

- ☐ What will be my monthly home charging cost (approx.)?
- ☐ What will be my running cost per km?
- ☐ What is the expected maintenance cost and frequency?
- ☐ What is the cost of regular service after warranty?
- ☐ How does the Total Cost of Ownership (TCO) compare with my current vehicle over 5 years?
- ☐ What are the government incentives applicable to me?
- ☐ What is the resale value expectation after 5 years?

5 BATTERY & VEHICLE

- ☐ Which battery size (kWh) suits my daily usage?
- ☐ What is the real-world range expected in my usage conditions?
- ☐ How does range vary in city, highway and AC usage?
- ☐ What is the battery warranty? (Duration / km / % capacity retention)
- ☐ What is the battery capacity guaranteed at the end of warranty?
- ☐ Is the battery liquid-cooled or air-cooled?
- ☐ What is the charging time (AC & DC)?
- ☐ What is the maximum DC fast charging speed?
- ☐ What is the battery chemistry (LFP / NMC)?
- ☐ Are battery health and charging controls available in the app?

6 INSURANCE – QUESTIONS TO ASK

- ☐ Do you provide insurance for this EV model?
- ☐ Is the battery covered under the policy?
- ☐ Are there any specific exclusions for the battery?
- ☐ What is the IDV calculation (does it include battery value)?
- ☐ What is the claim process for battery-related issues?
- ☐ Is roadside assistance for EV included?
- ☐ Is charging cable, wallbox and accessories covered?
- ☐ Are EVs eligible for Zero Depreciation cover?
- ☐ What is the premium amount (own damage + TP)?
- ☐ Are there any add-on covers recommended for EVs?
- ☐ What is the cashless garage network for EVs?

7 FINANCE – QUESTIONS TO ASK

- ☐ Do you provide loans for EVs?
- ☐ What is the maximum loan-to-value (LTV) offered?
- ☐ What is the interest rate?
- ☐ What is the loan tenure available?
- ☐ Is there any special scheme for EVs?
- ☐ Is the battery (in case of BaaS) part of the loan or excluded?
- ☐ What are the processing fees and other charges?
- ☐ Is foreclosure or part-payment allowed? Any charges?
- ☐ Is there any requirement for a separate insurance from your side?
- ☐ What documents are required?

8 OTHER IMPORTANT CONSIDERATIONS

- ☐ What happens to my charger if I move (relocation policy)?
- ☐ Can the charger be re-installed at a new location?
- ☐ What are the relocation charges?
- ☐ What is the vehicle warranty? (Duration / km)
- ☐ Where are the nearest service centers?
- ☐ What is the service and parts availability like?
- ☐ Does the vehicle get regular software updates?
- ☐ What is the boot space and practicality for my needs?
- ☐ How many years of roadside assistance is provided?
- ☐ What is the buyback or exchange policy?

HOW TO USE THIS CHECKLIST

Tick each item only when you have clarity.
If even a few boxes are pending, get the answers before you book.
This will help you avoid surprises and enjoy a seamless EV ownership.

Pro Tip: Get written answers for all the important points and keep copies of approvals, quotations and policies for future reference.
